4. Principles of settlement of arrear Electricity Charges: The State Government being a model consumer need to set an example for others in clearance of outstanding dues and timely payment of electricity dues to the DISCOMs. As such, the outstanding electricity charges of Government offices as on dated 31st October, 2024 is to be settled as per the following principles:

- All Government Offices will not be required to make any payment towards Arrear Electricity Dues pertaining to the period up to dated 31st October, 2024 which would be settled centrally by the Finance Department.
- If any payment has been made towards arrear electricity dues by any Government office/credit adjustment made by TP-DISCOMs regarding bill dispute resolution after dated 31st October, 2024, it is to be adjusted against current electricity dues for the period beginning from dated 1st November, 2024.
- The settlement amount credited to the consumer account should be reflected in their next billing cycle and a certificate to this effect duly certified by Statutory Auditor shall be submitted by TP-DISCOMs to Government.
- Electricity Charges from dated 1st November, 2024 have to be paid by the Government Departments/ Offices in time and rebates be availed wherever admissible. Nonpayment of electricity dues in time may lead to disconnection of electricity supply by the DISCOMs. Hence, no opportunity should be given to the DISCOMs to take coercive action through disconnection of power supply in case of default in payment of Electricity Dues for the period from dated 1st November, 2024 onwards which would cause inconvenience to the public.
- The outstanding arrears as on dated 31st October, 2024 amounting to ₹51.75 crore which is payable to TP-DISCOMs shall be debit to Demand No.05-2052-Secretariat General Service-00-EOM-090-Secretariat-0488- Finance Department -78487-One-time Settlement arrear electricity dues in 2024-25 (BE).
